

INPUT: the task

Start in the bedroom and kitchen area to check the refrigerator and freezer, then move to the nightstand in the bedroom to see what's on it.

MemoryExplorer Top-k retrieved memories: none shows the goal

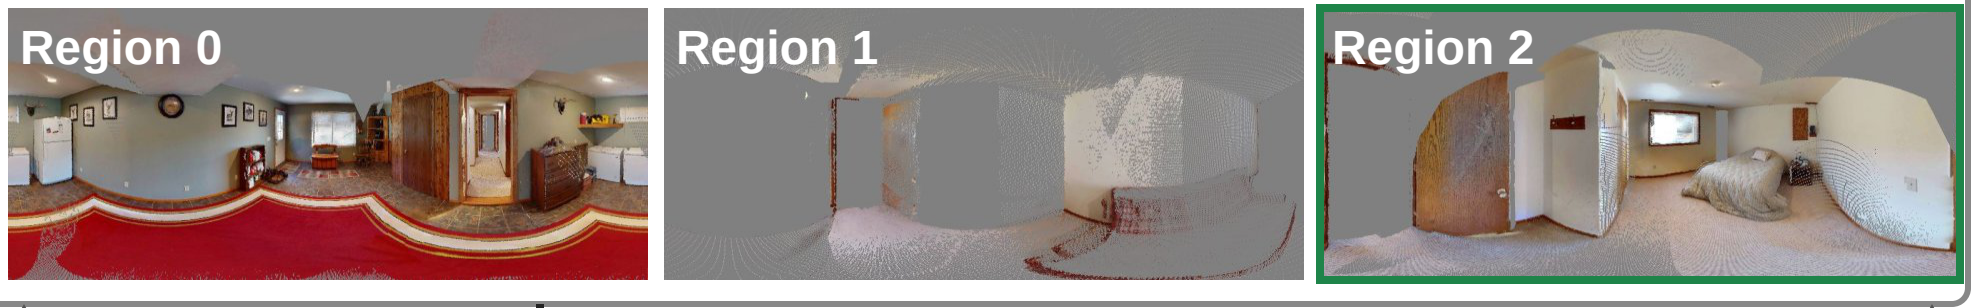

Commits too early to one of them. Failed.

RCMem (ours)

Context: one panorama per region, unseen space stays grey

explore

Step 1, before moving: region or explore?

Region 2

Step 2: its frames only

declines

Decisions 1–5: no commitment.
The agent moves and the panoramas grow.

Decision 6: selects the nightstand.

Succeeded.
